RE: Letter of Recommendation

Dear Mr. Molina:

Bain Medina Bain, Inc. is pleased to write this letter of recommendation on behalf of Clearfield Construction.

Clearfield Construction worked on the Alamo Colleges First Responder Academy Shooting Range French Drain Improvements project. This project included the construction of a French drain with a budget of \$160,000 designed to alleviate drainage issues at the site.

Clearfield Construction operated in a most efficient and professional manner and always with positive results. Their well-trained crew performed their tasks diligently and completed the project within budget and on time.

In closing, BMB highly recommends the services of Clearfield Construction in future construction projects. Should you have any questions, please feel free to call me or Ruben Renteria at (210) 494-7223.

Sincerely,

Hernan Jaramillo, P.E. | Project Manager
