RE: Construction of George West ISD High School Parking Lot

Subject: Letter of Recommendation

To Whom it May Concern:

As Superintendent of Schools for George West ISD, I have the responsibility of managing construction projects for the district. In the fall of 2013, our district entered into a contract with Clearfield Construction to construct a 32,000 sq. ft. parking lot facility for our new high school. The project was budgeted at \$275,000 and was completed in the spring of 2014 with no delays and on budget.

I have worked with many contractors and can count on one hand the general contractors I would not hesitate to use again. Clearfield Construction is one of the contractors in that count. They were amenable to any crisis that arose and were a pleasure to work with. The district is extremely pleased with the quality of construction we received and the level of cooperation we experienced from day one of the project.

I would highly recommend Clearfield Construction and can be contacted at the number listed herein for any consultation.

Sincerely,

Ty Sparks
Superintendent
George West ISD
